ROBOTICS

INTRODUCING CC5

The CC5 is an intelligent autonomous 32-inch floor sweeper and scrubber ideal for large facilities and spaces.

Cleans a variety of indoor facilities with ease

Hospitals

Schools

Office Building

Shopping Center

Transportation Hub

Airport Lobby

Sports Facility

Convention Center

Sweep and Scrub Without Lifting a Finger

Helping Facilities to Reduce Costs and Improve Efficiency

**Double roller brushes
+ double side
brushes, applicable
to a wide range of
scenarios**

1+1

Sweeper and scrubber
in one

**Large water tank
and battery
capacity, hassle-
free**

Large battery capacity

**Effective operating
hours exceed
industry standards by
a wide margin**

Continuous operation

Facilities can improve custodial efficiency and reduce costs by incorporating CC5 into their operations. CC5 effectively cleans most types of hard floors and is equipped with the most advanced environmental sensing, automatic mapping, autonomous cleaning and self-maintenance technology.

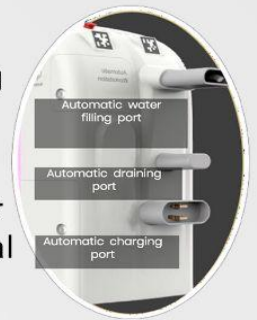

Hands-Free Maintenance

Automatic charging, filling and draining
Automatic docking, automatic addition of cleaning agents and defoamers. Fully charges in 1.5 hours

Automatic cleaning of Recovery Tank
Maintenance-free, less manual intervention, longer running time on one charge. Odor-free, less manual intervention, improved sanitation

Safe Large-Capacity Battery

Long-Lasting Operation on One Charge

Safe Large-Capacity Battery

36V~200Ah LiFePO4 battery with over 1500 cycles of life

25% better than similar products in battery capacity (7.2kwh)

CC5 Specifications

Dimension (mm)	L1340*W1024*H1350
Net weight (kg)	380
Maximum cleaning efficiency (m ² /h)	4000
Sweeping width (mm)	1160
Scrubbing width (mm)	800
Squeegee width (mm)	1024
Minimum U-turn width (cm)	1540
Maximum Slope	10 degrees
