Automatically upload operation reports. Data reports are available at your fingertips.

Product Specifications

Dimensions: 67L X 36W X 47H (inches)

Sweeping Width: 39 in

Battery: 24V/200Ah

Runtime per charge: 6h (ideal operating conditions)

Trash Can Capacity: 16 Gal

Turning Radius: 60 in

Max Slope: $\leq 10^\circ$

Net Weight: 871 lb

Max Cleaning Efficiency: 32,000 ft²/hr

Range: 20 - 25 miles (ideal operating conditions)

Charging Time: 4 - 5 hr

Water Tank Capacity: 16 Gal

Max Travel Speed: 3 mph

Applicable environment (outdoor): 5 - 104° F
