

Robotic Solutions for Restaurants

Our integrated robotic solutions help restaurants delight guests while reducing stress on overworked staff with a range of delivery, hosting, and cleaning robots.

CC1

Multipurpose Floor Cleaning Robot

Used daily by large convenience store chains, hospitals, schools, hotels and other facilities, our customers love the CC1 for its versatility, nimble size, and reliable cleaning power.

- Covers up to 8,000 ft²/hr
- Vacuum, mop, scrub, sweep
- Fast and simple maintenance
- Use on hard floors and low-pile carpet
- Switch between functions with one click
- Auto workstation included to charge, dump & refill water

SH1

Smart Upright Scrubber Dryer

SH1 is ideal for complex or greasy environments not suitable for larger units. Great for use in restrooms, commercial kitchens, and complex/crowded food service layouts.

- Reduces cleaning time by 70%
- Combines the power of a walk-behind scrubber dryer with the ease of a mop
- Ideal for greasy environments or complex food service layouts
- 9 different cleaning modes for multi-surface cleaning

BellaBoT & BellaBoT PRO

Interactive Delivery and Advertising Robots

Deliver service that serves up smiles with the original BellaBoT cat-themed food delivery robot, or the BellaBoT Pro with a large advertising screen. Both are interactive to delight guests.

- 4 infrared detection trays
- Carries 80 lbs
- 10-12 hr run time
- Interactive face and voice
- Dish recognition and broadcast (Pro)
- 18.5" advertising screen (Pro)

KettyBoT

Flexible Multipurpose Light Delivery Robot

A delightful robot perfect for guiding guests to their seats or other locations, delivering food and drinks, and displaying information about specials, events or even third-party advertising.

- Hosting, guiding, delivery
- Cruise on a continuous pattern
- Carries 30 lbs
- 3 removable trays with large tub
- Numerous useful accessories
- 18.5" advertising screen

PuduBoT2

Universal Delivery Robot

Useful for greeting, guiding and announcements or lightweight autonomous delivery, PuduBot 2 is the handy delivery and advertising helper any restaurant will love.

- Carries 88 lbs
- 3 adjustable trays OR 32" ad screen
- 10-24 hr run time
- 3 hr charge time
